

UNDERSTANDING OUR BEING

Introduction to Speculative Philosophy in the Perennial Tradition

John W. Carlson

Paper ISBN 978-0-8132-1518-1, \$29.95

xiii, 319 pages

Publication date: March 5, 2008

Book News for Immediate Release

The Catholic University of America Press is pleased to announce publication of *Understanding Our Being: Introduction to Speculative Philosophy in the Perennial Tradition* by John W. Carlson.

In the encyclical *Fides et ratio*, Pope John Paul II called upon teachers of philosophy “to recover, in the flow of an enduringly valid philosophical tradition, the range of authentic wisdom and truth.” *Understanding Our Being* responds to this call with a much-needed introduction to speculative philosophy.

Written as an undergraduate textbook, *Understanding Our Being* treats central topics about our knowledge of being, the being of the natural world, and, via the latter, being as such. It then treats the special character and implications of our human, personal being—in particular, our intellect, free choice, and reason-conditioned sociality. Finally, it considers God as Source and End of being and it discusses the “problem of evil” and the nature of religious faith.

In addition to presenting essential elements of the “perennial” philosophy, as developed in the tradition of Thomas Aquinas (especially as interpreted by Jacques Maritain and others), this book discusses contemporary challenges to the critical realist approach. These include scientism, historicism, and nihilism, as well as religious fideism. The author also encourages students to think for themselves, and he offers them resources to do so, via questions for reflection at the end of each part, a comprehensive bibliography, and a glossary of key philosophical terms.

ABOUT THE AUTHOR:

John W. Carlson is professor and chair of the department of philosophy at Creighton University.

PRAISE FOR THE BOOK:

“Carlson offers what is hard, if not impossible, to find among contemporary writings in Catholic philosophy: the attempt to reconcile faith and reason and show the importance of faith and theology for the completion of philosophy. This is an ideal book for colleges and universities wishing to promote a return to the Catholic intellectual tradition.” — Raymond Dennehy, University of San Francisco

“This book makes intelligible perennial Thomistic philosophy as it is understood today enriched by dialogue with modern insights. It is an accurate, cogent presentation of what is best in contemporary Thomism.” — Steven C. Snyder, Christendom College

CONTENTS:

Acknowledgments

Preface

INTRODUCTION

Questions for Reflection

PART 1: BEING

1.1. Knowledge of Being: A Realist Approach

1.2. Philosophy of Natural Being

1.3. Implications of Natural Philosophy

1.4. Metaphysics Proper

1.5. Fundamental Principles and Their Implications

Questions for Reflection

PART 2: OUR PERSONAL BEING

2.1. Approaches to the Human

2.2. Life of Knowledge

2.3. Life of Affectivity and Choice

2.4. Persons in Community

2.5. Human Soul as Spiritual

Questions for Reflection

PART 3: GOD—BEING’S SOURCE AND END

3.1. Reasoning to God?

3.2. Knowledge of God: Negative and Analogical

3.3. The World and Its Creator

3.4. Providence and Evil

3.5. “God’s Call” and the Response of Faith

Questions for Reflection

EPILOGUE
